

CORVEL advises ARCADIA on the acquisition of the remediation services branch from Bilfinger Berger Facility Services

ARCADIA Beteiligungen acquired the shares in Bilfinger Berger Umweltsanierung GmbH from Bilfinger Berger Facility Services. Bilfinger Berger Facility Services and the management reinvested in the acquisition vehicle.

Bilfinger Berger's remediation services branch comprises business units such as environmental redevelopment, disposal site technique, process technology regarding groundwater redevelopment, demolition as well as operation of an own thermal desorption facility. The company conducts business abroad together with an English subsidiary and by means of acquiring several international major projects.

The acquisition was financed by a consortium consisting of Landesbank Baden-Württemberg and KBC Bank Deutschland.

CORVEL acted as legal advisor to ARCADIA in the acquisition process, the re-investment and the financing documentation.
