

CORVEL advised Triton Water AG on capital increase

CORVEL advised Triton Water on the equity investment of EDB Investments, Singapore, and Wölbern Private Equity, Hamburg, in connection with a capital increase.

Triton Water is a leading supplier of turnkey solutions for the industrial maritime water treatment. EDB Investments is a leading, international operating investment company which invests in innovative and dynamic sectors e.g. of biomedical science, cleantech and digital media. Wölbern Private Equity is a PE- fund manager which specializes in direct shareholding and investments in funds in the cleantech sector.

CORVEL advised Triton Water on contractual and stock corporation law matters in connection with the investment and advises the company continuously in particular with respect to corporate law since the beginning of 2009.

Advisors EDB Investments: Gibson Dunn (Dr. Philip Martinius)
